There were a total of 15 competitors over Saturday & Sunday; despite this being less than half who attended last year an enjoyable time was had by all. More club members should not be afraid to have a go.

Entries were £3 per competition which gave an income of £114; which is pure profit to the club as existing stock of PL7 targets were used.

Will Lander & Dave Hinchcliff ran the event on Saturday & Sunday with help from Steve Wilson plus all the helpful competitors who made the event possible.
