invites you to

# The 2007 Steels Match

**Sponsored by Midway UK & York Guns**

The biggest steels match ever shot in the UK  
hosted by Mattersey RPC at their new premiere shooting facility

**8th & 9th September 2007**

The main Championship Match (Match 1) will consist of a approx. 600rds (300 rimfire and 300 full bore), fired on a minimum of 400 knockdown steels. This can be shot in 1 day. You can shoot any .22 rimfire and any centre-fire gallery rifle to complete the match.

Alternatively, you may shoot just the .22 rimfire stages or just the full bore stages.

If you come for both days you could shoot  
300rds with your .22 rifle (Match 2)  
300rds with your under lever (Match 3)  
300rds with your LBR (Match 4) and  
300rds with your LBP (Match 5).

Each stage will consist of knockdown steel plates of various shapes and sizes
